¹ Equipment Leasing & Finance Association, July 2018

Flexible Financing Programs for Stratis Products

- **Standard Leasing Programs:** **NO** upfront payments required with flexible terms from 6 to 84 months
- **Bridge to Budget:** Customize your financing program around your budget and operational needs!
 - **Deferred Program:** **NO payments up to 9 months** followed by fixed payments for your selected term.
 - **Step Payments:** Small payments for the first year then standard payments (**i.e., first 12 months at \$99**)
 - **Equity Rental:** Flexible monthly payment program that gives **50% equity from each payment** and allows you to purchase if/when capital funding becomes available.
- **Operating Programs:** Programs designed to utilize operational funds when capital budget is not available. These programs can be customized to meet FASB-13 accounting guidelines.

Why do 78% of businesses finance equipment?¹

- **Quick Approval Process** (one page Credit Application)
- **Maintain cash** (retain budget dollars to use in other areas)
- **100% financing with no down payment** (unlike bank loans)
- **Hedge against inflation** (interest rate is locked in for term)
- **Return on Investment** (rather than paying a lump sum in cash, make smaller payments and generate revenue from equipment)
